Ministry of Health, Israel
Dept. of Psychologists Licensing
Re: Edward Sheldon, Ph.D. (soc. sec. # 059-44-1217)

Dear Department of Psychologists Licensing,

I am writing you on behalf of Edward Sheldon, who was a student, intern, and later, colleague of mine at Antioch University in Los Angeles.

Dr. Sheldon was an excellent student and intern, who later became the coordinator of the Antioch Counseling Center and taught a course on hypnosis for students who were interested in practicing hypnotherapy. I remember him as a highly intelligent, enterprising, and spirited young man who was bound for a successful career as a psychologist.

Unfortunately, I cannot give you more details, as I knew Dr. Sheldon back in the late 1970's and I am now in my late 70's. Nevertheless, I would recommend him highly and I have no doubt that he deserves to be licensed as a psychologist in Israel.

FYI, I am enclosing a copy of my professional resume.

Sincerely,

Harvey Mindess

Harvey Mindess, Ph.D.

HARVEY MINDESS, PH.D.
