Re: Edward Sheldon, Ph.D.

Dear Sir/Madam:

I am a psychiatrist in private practice in Los Angeles, California. I have been on the psychiatric staff of the general hospital, Saint John's Health Center since 1977. Saint John's is located at 1327 22nd St., Santa Monica, California 90404. Saint John's had an in-patient psychiatric until 1999. I still am on the staff as a psychiatric consultant for the medical/surgical services.

In 1984 and 1985 I supervised Dr. Edward Sheldon's work at Saint John's Health Center in the in-patient psychiatric unit. His diagnostic skills were excellent. His clinical treatment was very effective. I recall that his clinical interactions in the hospital with one particularly suicidal patient were pivotal in resolving the patient's dangerously suicidal state.

Yours Very Truly,

A handwritten signature in cursive script that reads "James T. Long, M.D., Ph.D.".

James T. Long, M.D., Ph.D.
