To: The Ministry of Health, Israel, Psychology Licensing  
Letter of Recommendation for Edward Sheldon, Ph.D.  
(soc. Sec #059-44-1217)

November 22, 2004

Dear Licensing Board:

I am a psychologist and I am teaching psychology at Los Angeles Valley College in Valley Glen, California. I have specialized in behavioral medicine for several years teaching in public and private institutions in southern California.

Please let this letter serve as a letter of recommendation for Edward Sheldon, Ph.D. from whom I received excellent supervision, training, and guidance, when I was a psychology intern at the Westside Counseling Center, in Santa Monica California, during the years 1987-1988.

After many years of being a professional psychologist, I can say that I truly benefited from Dr. Sheldon's supervision. Dr. Sheldon is a well-trained clinician and supervisor who works with integrity, skill, creativity, sincerity, and professionalism. As a supervisor, his training was thorough, clear, and sensitive. He helped me to put theory into practice, and to create effective relationships with my patients. As a person, I found Ed a very affable fellow and a multi-talented individual.

Dr. Sheldon has a very good reputation, and is appreciated in the Los Angeles mental health community for his work, and for his concern for helping those who could not afford to pay the usual high Los Angeles fees.

I hope that your Board of Psychology will enable Dr. Sheldon to continue his good work in Israel, as I know that it was his dream to live in Israel even when I was his intern.

Respectfully,

Paul Zuccaro, PhD  
Associate Professor  
Psychology Department  
Los Angeles Valley College
